

LUMINATOR TECHNOLOGY GROUP NDAA STATEMENT

NATIONAL DEFENSE AUTHORIZATION ACT 2019 (SECTION 889)

The [John S. McCain National Defense Authorization Act \(NDAA\)](#) of 2019 stipulates the budget and policies of the U.S. Department of Defense. Section 889 of the 2019 NDAA prohibits the U.S. government from procuring video and telecommunication equipment from certain Chinese companies and their subsidiaries. NDAA 2019 Section 889 is focused on video surveillance equipment and telecommunications equipment. It does not impact other areas of security.

Luminator Technology Group (Luminator), a globally recognized technology innovator of stationary and on-board passenger information, video security, air treatment, and lighting solutions, hereby confirms its commitment to the National Defense Authorization Act (NDAA) issued by the government of the United States.

Luminator is dedicated to providing NDAA Section 889 compliant products and does not have OEM, ODM and JDM relationships with the vendors named in the NDAA document.

Luminator confirms that no components produced by NDAA listed entities (Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Technology Company, Dahua Technology Company or any subsidiaries or affiliates of those) are used in its devices.

Luminator products that can be used as part of NDAA Section 889 compliant systems include:
